SUMMARY

Proactive learner with a Master of Applied Business (Business Analytics) and current experience in business analysis and governance at Tiaki Taonga Trust, supported by a operations leadership background managing teams of up to 11 staff and driving measurable performance gains, including a \$0.5M to \$1M revenue increase and two 5-Star Operations Evaluation ratings. Skilled in Python, SQL, Power BI, and Tableau for data analysis and reporting, with a track record of using data and process improvement to support decision-making in fast-paced, high-compliance environments.

WORK EXPERIENCE

Junior Business Analyst

May 2026 - Current

Tiaki Taonga Trust Wai 262

- Completed structured onboarding into business analysis and governance practice, including health & safety, privacy, and data security compliance training.

Supervisor

Mar 2024 - Current

Restaurant Brands Ltd NZ, Auckland

- Plan daily food production using weekly sales trend data benchmarked against prior-year performance.
- Compile and distribute daily reports on sales, waste, and promotional performance.
- Reconcile daily sales data, including cash banked, transactions, and voids.
- Assess stock levels and shift requirements ahead of each shift based on current and prior-week sales trends, escalating equipment or large catering order issues to the support team as needed.
- Lead a team of up to 11 staff during peak trading periods, maintaining service standards and meeting daily sales targets.
- Maintain compliance with health & safety and food safety standards, ensuring a safe and productive working environment.
- Train new staff and incoming managers on store operations and procedures.

Store Crew & Delivery Expert

July 2023 - Mar 2024

Domino's Pizza, Point Chevalier, Auckland

- Contributed to achieving a 5-Star Operations Evaluation Report (OER) rating on two occasions through consistent food safety, quality, and customer service compliance.
- Supported daily store operations, stock management, and service delivery in a fast-paced environment.
- Selected to work across multiple store locations based on strong performance and adaptability.

Business Analyst | Operations

May 2022 - Feb 2023

Eduport Academic Research Centre Pvt. Ltd, Calicut, India

- Built and maintained performance dashboards in Excel, Power BI, and Google Sheets, and tracked customer engagement and conversion metrics using YouTube Analytics for marketing content.
- Analysed admissions, marketing, and sales data to identify trends and support decision-making.
- Identified low sales conversion caused by an understaffed sales team; proposed team expansion and a structured follow-up process, improving conversion from 7% to 16% within two months.
- Initiated the shift from Excel- and WhatsApp-based lead tracking to Zoho CRM, then LeadSquared, improving data visibility for sales staff, managers, and stakeholders.
- Identified declining customer satisfaction linked to a lack of post-sale support and introduced a mentor programme (1 mentor per 25 students) for ongoing academic guidance, raising Play Store rating from 3.5 to 4.4 stars.

Senior Business Development Executive

Dec 2020 - Apr 2022

Eduport Academic Research Centre Pvt. Ltd., Calicut, India.

- Recruited and trained Eduport's first sales team of 8; provided hands-on coaching and leadership development, with 6 of 8 team members later promoted to Team Lead.

- Worked with the sales manager to build the initial sales team and structure a smooth sales-to-platform handover process, improving customer satisfaction post-sale.
- Co-developed Eduport's initial sales strategy and pitch approach, then recruited and trained the company's first sales team of 8, with 6 of 8 later promoted to Team Lead.

Executive Sales & Marketing

Mar 2020-Nov 2020

MedPort International

- Medport is a medical tourism company that opens the window of medical tourism options in India for people all around the world.

Executive Sales & Marketing

Feb 2019-Feb 2020

Toffee Ride Innovations Private Limited

- Delivered product demonstrations of an educational app ToffeeRide (Std 1–4) across schools, community events, and public venues, building relationships with parents, teachers, and stakeholders.
- Designed and led a government school outreach programme, growing daily app sign-ups (paid) from 0 to 15–20 units within the first year.
